Understanding People - It's easier than you think

Invest in team building, with more ROI than ever before. We can make this promise, because remembering and understanding everyone's shape is easy. We provide entertaining, fun, team building experiences that will change your people for the better. Find out everyone's shape at the beginning of the conference and the learning will happen through your whole event.

We provide desk posters, organizational charts, and an app to remind teams how to communicate, motivate others and handle conflict. We offer corporate training, retreats, keynotes, executive coaching and team building. (A price list is attached)

You won't get the magic until you jump online www.12shapes.com and try the quiz for yourself.

Make sure you invite friends and family to find their shapes from inside the app. Then, you can see their shape and they can see yours, this is where the magic begins. We teach you to get along with everyone in your life.

**Your shape is based on the real drivers of your behavior -
what you fear most and what you value most.**

Why **12 Shapes** is better than
the DISC, Big 5 or Strength Finders?

It is simple and easy to remember,
which makes it actually usable. (Can you
remember everyone's 5 strengths or
four letters? You'll remember their
SHAPE and what that means immediately.

12 Shapes is the most fun you can
have becoming a better human.

We eliminate office drama and people
problems - so everyone can
get back to work.

You know that problems in relationships at
home impact your bottom line every
day. Employees say this training was
the gift that kept on giving, because getting
along better with people - improved
their lives at home more than anything else.

"Rather than focusing on behavior or superficial methodology, Coach Kim asks us to look inside ourselves and make improvements to our cores – This resonated strongly with me. I wholeheartedly endorse this program."
